

V. SIGNS

- A. Area B: Signs shall be regulated by the C-P District requirements of the Zoning Ordinance including the following: The design and materials of signs shall be consistent with the proposed buildings subject to site plan review and approval.

VI. DRAINAGE:

- A. Provide stormwater detention for the proposed residential area in accordance with the Fletcher Creek Drainage Ordinance.
- B. A separate stormwater detention pond shall be provided for the future commercial area in accordance with the Fletcher Creek Drainage Ordinance.
- C. Drainage data shall be provided for assessment of on-site detention requirements by County Engineer's Office. All drainage plans shall be submitted for review by the offices of the Shelby County Engineer and the City of Memphis Engineer.
- D. Drainage improvements, including possible on-site detention, shall be provided under a Standard Subdivision contract in accordance with Subdivision and Zoning Regulations in effect when final plans are recorded and with the City of Memphis Drainage Design Manual.
- E. Detention facilities, if required, are to be fully operational immediately after the clearing of the vegetation. Silt and debris connected with early construction shall be removed periodically from the detention area and control structure in order to maintain maximum storage capacity.

VII PARKING:

Off-street parking loading and queuing spaces shall be provided in accordance with Chapter 28 of the Zoning Ordinance- Regulations.

VIII. SITE PLAN REVIEW BY THE LAND USE CONTROL BOARD

- A. Prior to the approval of any final plan for Areas B, a site plan shall be submitted for the review, comment and recommendation of the Office of Planning and development (OPD) and appropriate City and County agencies and the approval of the Land Use Control Board.
- B. The site plan shall be submitted at least twenty (20) days prior to the Land Use Control Board in which it will be on the agenda. It shall include the following information:.
 - 1. The location and dimensions, of all buildings or buildable areas, signs and parking areas. Building height shall be included for all buildings higher than 35 feet.

2. The layout of all public streets, private drives and the dimensions and area of any lots.
 3. Specific plans for internal and perimeter landscaping, screening and exterior lighting with identification of the plant species.
 4. Illustrations of the design and materials of proposed buildings and signs.
 5. The location of loading facilities and trash receptacles.
 6. The number location and dimensions of parking spaces.
 7. A survey of the trees to preserved and the trees to be removed, including groups of trees and individual trees at least 10 inches in diameter at breast height (DBH).
- C. The site plan shall be reviewed according to the following criteria.
1. Adequacy of needed public facilities and infrastructure and conformance to the Zoning and Subdivision Regulations and standards.
 2. Internal compatibility between uses and design features.
 3. Conformance with the outline plan conditions.
 4. Compatibility with adjacent properties as judged from the final elements of site development including landscaping, screening and architectural design.

IX. MODIFICATIONS TO PLAN

The Land Use Control Board may modify the bulk, access, landscaping, parking, loading, screening, signs, and other site design requirements if equivalent alternatives are presented; provided however, any adjacent property owner who is dissatisfied with the modifications of the Land Use Control Board hereunder, may within ten (10) days of such action file a written appeal to the Director of the Office of Planning and Development to have such action reviewed by the appropriate governing bodies.

X. TIME LIMIT

A final plan shall be filed within five (5) years of approval of the Outline Plan. The Land Use Control Board may grant extensions at the request of the applicant, subject to additional conditions and standards, if any. A request for a time extension shall be filed a minimum of 60 days prior to the expiration date.

XI. FINAL PLAN REQUIREMENTS - Any final plan shall include the following:

- A. The outline plan conditions.
- B. A standard subdivision contract as in accordance with the Subdivision Regulations and Shelby County Paving Policy for any needed public improvements.
- C. The exact location and dimensions including height, of all non-single family detached residential buildings, parking areas and number of parking spaces, drives, and required landscaping and screening.
- D. A rendering, including plan view and elevation, of any proposed development identification signs in Parcel II, Parcel II, and Parcel I, Area B showing the height, dimensions and design thereof.
- E. The location and ownership, whether public or private, of any easement.
- F. The following note shall be placed on the final plat of any development requiring on-site storm water detention facilities: The areas denoted by "Reserved for Storm Water Detention" shall not be used as a building site or filled without first obtaining written permission from the City or County Engineer, as applicable. The storm water detention systems located in these areas, except for those parts located in a public drainage easement, shall be owned and maintained by the property owner and/or property owners' association. Such maintenance shall be performed so as to ensure that the system operates in accordance with the approved plan on file in the City/County Engineer's Office. Such maintenance shall include, but not be limited to: removal of sedimentation, fallen objects, debris and trash; mowing.
- G. All common open areas, private streets, private sewers, and private drainage shall be owned and maintained by a property owners association. A statement to this effect shall appear on the final plat.
- H. The following note(s) shall be included on any final plat filed for this subdivision:

"This is a private development. The Homeowners' Association is solely responsible for all maintenance and repair of private facilities including streets, roads, sewers, and storm drains. There is not, nor ever will be, any County or City responsibility for these facilities."

Support of P.D. 07-344 CC

January 8, 2008

Ms. Sheila Pounder
Memphis and Shelby County Office
of Planning and Development
125 North Main Street, Suite 468
Memphis, Tennessee 38103-3074

Dear Ms. Pounder;

This is a letter in support of the proposed gated community of Teransky, LLC with the case number: P.D. 07-344CC. In the past we have raised some concerns to you about the proposed use of this property.

As you may remember, the concerns we have had in the past have been both aesthetic and practical. We are generally opposed to the loss of green space anywhere, but especially in the area around us. We have seen acres of property immediately around us totally stripped of all its trees—many of them stately oaks. Not only is this not aesthetically pleasant, but it is not prudent for the environment. The more practical objections have included: the use of commercial space for anti-family businesses, spoilage of a cemetery site and increased run off to our property and the flood plain in general.

My wife and I have talked with Darryl Lansky and have reviewed the proposed site plan. We have included a copy of the plan that Mr. Lansky gave us yesterday. Although not ideal, we think that it is a reasonable balance between affordable housing and the maintenance of the aesthetics of the area. Mr. Lansky has stated to us the following:

1. The commercial development would be small, relatively low traffic businesses, e.g. a coffee shop to create a neighborhood atmosphere. There would be no "adult entertainment" or liquor stores.
2. The old Raleigh-LaGrange area with its beautiful trees would remain in tact.
3. There would be a "green space" area where the cemetery is located.
4. The run off would be diverted to Macon Road and there would be a catchment area that would minimize any flooding.

Given these promises, my wife and I can support this proposal. We realize that other options may not be nearly as attractive or as environmentally friendly. We appreciate your and the Board's attempt to create more responsible developments. If you have any questions my cell phone is 901-496-1791 and/or email is ranelsonmd@pol.net.

Sincerely,

A handwritten signature in cursive script, appearing to read "Richard & Susan Nelson".
